**Sure Secure**
Quality always come first

Whether it’s for maximum surveillance, or just as a backup, CCTV is a clear and concrete way for homeowners and business owners to check up on their properties and ultimately, to have peace of mind at any time of day or night.

At Sure Secure we provide quality security installations of absolutely everything you need to keep your belongings safe. From intruder alarms to CCTV systems, our products are of the highest quality, and our CCTV allows for live viewing, playback and the ability to zoom remotely from anywhere in the world so you never feel out of the loop.

Use your smartphone, tablet, desktop computer or even your laptop to monitor your CCTV images in crystal clear full HD 1080p and 4k quality, or record the images directly and automatically to one of our DVRs to check later. No matter what time of the day or night, the images will be clear enough to see note denominations in a till drawer, customer or visitor’s faces, and car registrations, so you can keep track of absolutely every aspect of your home or business.

Servicing all of London and the South East, we at Sure Secure pride ourselves on both our levels of customer service and the overall quality of our service, installing only tried and tested equipment with the latest technology and features. After each installation we will train you in the use of your equipment and respond quickly to any fault of service calls to keep your security systems in the best of shape.

Installed by friendly, professional and fully qualified engineers, Sure Secure guarantees a seamless, unobtrusive installation with professional advice and system design also available to customers. Whether you’re looking for domestic, commercial, or industrial services, our System Builder tool will build you the perfect security system to match each and every one of your needs, or you can speak to an expert today by calling 02039958560.

Keeping you and your people safe and secure is what we do.
